Testing: Manual Testing, Black Box Testing, Writing Test Scenarios, Writing Test Cases, Bug Reporting, Functional Testing, Regression Testing

API & Tools: API Integration, Postman, Git, GitHub, Jira, VS Code, Chrome Developer Tools

Other Skills: Reusable Components, Cross-Browser Compatibility, UI Bug Fixing, Debugging, Problem Solving, Team Collaboration, Agile Methodology

PROFESSIONAL EXPERIENCE

Frontend Developer | Vizionexl Technologies

2025 – Present | Experience: 1 Year 1 Month

- Developed responsive and user-friendly web applications using HTML, CSS, JavaScript, and React.js.
- Built reusable UI components and responsive layouts for better scalability.
- Integrated APIs and validated responses using Postman.
- Performed Manual Testing and Black Box Testing to validate application functionality.
- Wrote detailed Test Scenarios and Test Cases to ensure application quality.
- Identified, documented, and reported bugs using Jira.
- Ensured cross-browser compatibility and responsive UI across all devices.
- Collaborated with development teams in an agile environment.

PROJECTS

AMHR Journal Platform | amhrjournal.com

Role: Frontend Developer

Technologies: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Flexbox, CSS Grid, Responsive Web Design

Year: 2025

- Designed and developed a fully responsive frontend UI for an academic journal platform.
- Built reusable React.js functional components for consistent page structure.
- Created responsive layouts using Tailwind CSS, Flexbox, and CSS Grid.
- Integrated REST APIs to dynamically fetch and display journal content.
- Applied media queries to ensure smooth UI across desktop, tablet, and mobile.

Kamadhenu Swadeshi Bhandar | kamadhenuswadeshibhandar.in

Role: Frontend Developer

Technologies: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Flexbox, CSS Grid, Responsive Web Design

Year: 2025

- Developed a complete responsive e-commerce website UI using React.js.
- Built product listing and detail pages with reusable component architecture.
- Integrated REST APIs to render dynamic product information on the frontend.
- Used Tailwind CSS and CSS Grid for mobile-first responsive layouts.
- Implemented interactive UI features using JavaScript and React hooks.
